Chris-

I received a message that you called yesterday after I had left work. I'm guessing that it is in regards to the discovery packet for this case. I did send the packet, however, I am assuming that you never received it (the same thing happened to another packet I sent a couple days later to a different ADA). I know that there is a fairly new guy that picks up the mail from the boxes in the hall, so I'm not sure what he did with it. I will mail you another copy, this time personally making sure it gets to the post office; or I will hand deliver it to the ADAs office in Springfield if I get called into court today. I'm sorry for all of this.

If you were calling regarding another matter, please let me know. Thanks.

-Sonja

The defendant argued a discovery motion concerning the drug analysis, which was allowed over my objection. The Commonwealth has been ordered to provide the items listed in the defendant's motion insofar as they exist. I've attached a copy of the motion- what of these items can we provide? Please let me know. If you have any questions or concerns, please feel free to contact me.
